

# SIR THOMAS FREMANTLE SCHOOL

## Specialist Sports Coaches Required Hourly rate dependent on skills and experience

As a school for which sport is a key component, we are always on the look out for specialist sports coaches who are able to help with our extensive sports enrichment programme.

We are particularly keen to secure experienced coaches for Wednesday afternoons when the school offers sport to all of its students for between 2 and 3 hours. Our students currently benefit from being taught PE and Games by 3 very experienced and highly qualified teachers. We also have a number of additional teachers who assist with general coaching.

We are now keen to hear from male and female coaches who can offer experience of coaching any team or individual sport to a high level who can work with PE staff to take our students to the next level of sporting performance.
