

Post 16 subjects offered

Pathway 1 – A' Level / BTEC Level 3 (2 year course)

Students may study 3 or 4 subjects at this level. Students on this pathway will normally be expected to have secured 5 A* to C GCSE grades including English and mathematics and a grade B in subjects they wish to study at A' Level.

Students who do not have a grade C in either English or mathematics will be required to re-sit these.

A' Level	BTEC	Other
Mathematics	Health & Social Care	Information Technology NQF
Further mathematics	Sport & Exercise Science	Smart Product Design
English	Performing Arts	Extended Project
English Literature		Sports Leaders Awards
Biology		Arts Awards
Chemistry		
Physics		
Spanish		
French		
German		
History		
Geography		
Law		
Psychology		
Computer Science		
Art & Design		
Media Studies		
Economics		
PE		

Pathway 2 – GCSE / BTEC Level 2 (1 year course)

Students may complete this year long course to improve their GCSEs or as a step onto the Pathway 1 course if they do not have sufficient passes at GCSE to commence on this from the outset.

GCSE	BTEC (Level 2)	Other
Mathematics	Health & Social Care	Smart Product Design (L2)
English	Sport	
Government & Politics		
Psychology		

The subject offers in two pathways will be finalised in early 2017. If students are interested in studying subjects not shown above, they should state their preferences on the online survey or contact the school.
